

INTENSIVE FALL STUDY ABROAD PROGRAM

The Deewan Institute for Languages and Cultural Studies offers an Intensive Fall Study Abroad Program for students who want to immerse themselves in Arabic language and culture.

The program is designed to provide students with intensive language instruction and cultural immersion in a supportive environment. Students will receive language instructions from experienced teachers who are native speakers of Arabic, and will have the opportunity to practice their language skills through conversational practice and cultural activities.

In addition, the program includes cultural excursions to historical and cultural sites in Jordan, such as Petra, Wadi Rum, and the Dead Sea. These excursions offer the students the opportunity to experience the Jordanian culture firsthand and practice their language skills in real-world situations.

The program is open to students of all levels, from beginner to advanced, and can be tailored to meet the needs and interests of individual students. It is a great opportunity for students who are seeking to improve their Arabic language skills and experience the rich culture of Jordan.

CURRICULUM

The curriculum used in this program is developed by Deewan team and other additional curricula. Based on the students' levels, the curricula used could be:
